RELATIONS BETWEEN AUSTRIA AND SERBIA ARE BADLY STRAINED

(Continued from Page One.)

seems to forebode separate action which will render difficult the realization of the plan of Premier Asquith for the settlement of near eastern questions as a whole when the war is over.

Austrian ships leave Constantinople

The withdrawal of the Austrian warship Admiral Spon and of the Austrian contingent of blue jackets from Constantinople and the sudden and unexpected departure for an unannounced destination of the Austrian squadron which has been lying at Smyrna, are factors which are disturbing diplomats, who are in a close union of all the great powers, the only hope of a peaceable solution.

From Vienna, too, comes the information that the Serbian war office has recalled all the Serbian troops that can be spared from the columns operating in the neighborhood of Plarend and Monastir and that the fortifications of the Serbian capital are being hastily supplied with heavy artillery.

These were outlined by Premier Pachitch of Serbia this morning. He declared that a minimum requisite for Serbia's national development was economic independence and a free and adequate passage to the Adriatic.

Itinerary of Cruise changed.

WASHINGTON, Nov. 25.—Realizing the possibility of rapid and important developments in the Balkan war, the Navy department has slightly changed the itinerary from the big cruisers Tennessee and Montana, now on the way to the orient under Admiral Knight. The vessels will be kept in close touch by cable with the department. Admiral Knight, in Europe, the document points out, is the artificially supported hostility between England and Germany. Socialists in both those countries should destroy this feeling by practical and energetic propaganda. The manifesto concludes: "The time has passed when the working classes of the world should shoot down one another for the profit of capitalists, the pride of dynasties or the exigencies of secret treaties. If the governments suppress the possibility of evolution and force the proletariat to desperate measures will rest on the shoulders of the governments."

CONGRESS PASSED A RESOLUTION TO HOLD ANTI-WAR MEETINGS IN THE BIG CITIES OF EUROPE ON DECEMBER 18.

SOCIALISTS ISSUE MANIFESTO

Men of All Nations Asked to Prevent Spread of War.

BRISLE, Switzerland, Nov. 25.—Socialists of America and Europe were called on by a manifesto issued today by the international socialist congress to resist any measures for war taken by their governments. The declaration was drawn up by Jean Jaures, the leader of the French socialists.

The document says that if the Balkan war should spread to other countries it would be a frightful blow to civilization.

It would be one of the greatest scandals in history because of the disproportion between the immensity of the catastrophe and the unimportance of the interests on which it would be based.

Therefore the socialists in the Balkans should hasten the end of the war, those in Austria-Hungary should oppose any contemplated attack upon Serbia, those in Italy should prevent the sacrifice of Albania to Italian ambitions and those in England, France and Germany should force their governments to refuse any help to Austria-Hungary and Russia and should guard absolute neutrality.

The gravest danger to the peace of Europe, the document points out, is the artificially supported hostility between England and Germany. Socialists in both those countries should destroy this feeling by practical and energetic propaganda. The manifesto concludes: "The time has passed when the working classes of the world should shoot down one another for the profit of capitalists, the pride of dynasties or the exigencies of secret treaties. If the governments suppress the possibility of evolution and force the proletariat to desperate measures will rest on the shoulders of the governments."

The congress passed a resolution to hold anti-war meetings in the big cities of Europe on December 18.

Stone Says Engineers Will Accept Award

BUFFALO, N. Y., Nov. 25.—"Talk of strike at this time is nonsense," said Warren H. Stone, chief of the Brotherhood of Locomotive Engineers, today when asked the attitude of the engineers on the award of the board of arbitration.

"The award has been made and the engineers have accepted it. The future must take care of itself."

Mr. Stone is in conference with representatives of 3,370 engineers on fifty-two railroads east of Chicago and north of the Norfolk & Western, called for the purpose of discussing the decision of its board of arbitration appointed last January to settle the differences between the men and the railroads.

The award under the agreement between the Brotherhood of Locomotive Engineers and the fifty-two railroads east of Chicago was effective May 1, 1912, and runs to May 1, 1913, said Mr. Stone in discussing the board's findings. "That does not necessarily mean that the agreement is exhausted at that time. After that date it is simply subject to the usual thirty days' notice of the desire of either party for a change."

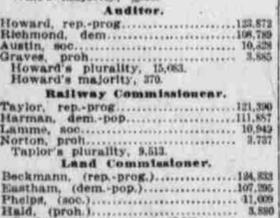

"It is not probable that the engineers will refuse to allow the award to eliminate classifications of service—a thing the engineers have been thirty years in trying to build up—and will after May 1, 1913, come back to the roads for a readjustment" was asked.

Mr. Stone declined to deny or confirm this.

GRECIAN ARTILLERY OFFICER LEAVES OMAHA FOR WAR.

LIEUTENANT THEODORE THEODOROS, Second Grecian Artillery.

Waukegan, Ill., Nov. 25.—An explosion which wrecked the dry starch house of the Corn Products company's plant this afternoon killed between three and twelve workmen, injured twenty-seven others, several of whom will die, and caused about \$100,000 property damage.

Edward Conrad, deputy in the Lake county coroner's office was authority for the statement that twelve men at least had been trapped in the wrecked building.

Charles Ebert, superintendent of the Corn Products company's Waukegan plant, said that only three men had been killed and twenty-seven injured by the explosion. Only thirty men had business in the starch house at the time of the explosion, said Mr. Ebert.

Nearly all of the workmen killed or injured were of Polish, Lithuanian or Austrian nationality, and they were on the company's pay roll by numbers and not by names.

The explosion tore the frame top house from the five-story building and scattered bits of it for fifty yards in all directions. The body of one man killed was blown across the Chicago & Northwestern railroad right of way onto the hillside in Oakwood cemetery.

All of the injured were coated with starch which had to be washed off before surgeons could treat their injuries. Private automobiles were pressed into service to carry the injured to the hospital.

of the Maryland legislature when 28 years old and served three terms in the national house of representatives in the period from 1886 to 1892. He was elected to the United States senate in 1904 after having served a four-year term as attorney general of Maryland.

As a member of the committees on foreign relations and the judiciary Senator Rayner devoted special attention during the last few years to America's foreign problems and constitutional questions. He was a strong advocate of the abrogation of the treaty with Russia because of that country's discrimination against passports held by American Jews and exercised a marked influence in getting the senate to endorse such action.

Jackson Will Be Appointed. BALTIMORE, Md., Nov. 25.—William F. Jackson, member of the republican national committee, will be appointed

Senator Rayner's successor. It is believed here, although Governor Goldsborough has said he will not consider the matter until after the funeral.

The appointee will serve until his successor is chosen by the legislature which does not meet until January, 1914. With the election of this body next fall senatorial primaries will be held at which the voters will express their preference, not only for the candidate to fill out the unexpired portion of Mr. Rayner's term, but also for the successor to Senator John H. Walter Smith, whose term ends March 3, 1915.

Lucile Cameron is Released on Bond

CHICAGO, Ill., Nov. 25.—Lucile Cameron, whose association with Jack Johnson led to the negro pugilist's arrest for alleged violation of the Mann white slave act, was released from custody today in bonds of \$1,000. She had been held as a witness in the case for several weeks in the Rockford jail, where her mother, Mrs. F. Cameron-Falconnet of Minneapolis was allowed to be with her. The bond was signed by Miss Cameron and her mother, and Judge Carpenter instructed the girl to be present as a witness when the Johnson case comes to trial. Neither mother nor daughter would say where they would go after the girl was released.

Alleged Auto Bandits Arrested.

CHICAGO, Nov. 25.—Two men who are believed by the police to be members of the band of automobile bandits who have been robbing saloons throughout the city in the last week were arrested this afternoon following the probable fatal shooting of one of the two in a saloon in Lincoln avenue.

Children Love Syrup of Figs

Sweetens Their Stomachs and Cleans the Liver and Wastes Clogged Bowels Without Gripping

Every mother immediately realizes after giving her child delicate Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and bowels of tender bowels so promptly and so effectively as this delightful fig taste.

If your child isn't feeling well; resting nicely; eating regularly; and acting naturally it is a sure sign that its little insides need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhea, sore throat, full of cold, tongue coated, give a teaspoonful of Syrup of Figs and in a few hours all the foul, constipated, clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, gripping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatic, it cannot be harmful.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.
